

Marker Ties

All the benefits of a standard cable tie, plus they have an identification tag, that can be written on.

Material:	Nylon 6.6
Temperature Range:	15°C to 75°C
Flammability Rating:	UL94 V-2 self-extinguishing
Tags:	The built-in identification tag can be marked to identify cables
Maxi Identification Tags:	The identification tag is a single body with the head of the cable ties. Thanks to the dimension and the form of the identification tag it is possible to obtain very big and clear markings.
