

UV Protected Nylon Cable Ties (UVV2)

The cable ties are serrated and held in place by the resistance of the flexible tooth against the rack. The tail of the strap is pulled through the head to form a noose that can only be tightened. Used to fix and seal.

Material: Black nylon UV protected
Temperature Rating: -40°C to +85°C
Flammability Rating: UL 94: V2 self-extinguishing
Life Span: 10 years when exposed to the sun

UV Protected Nylon Cable Ties (UVV2)
